TrayIt! Application Options

Application

☐ Always start minimized
☐ Load TrayIt! at Startup
☑ Create Tray Icon for the TrayIt application

Grouping

☑ Group similar tray icons for each application

These are two
options I like

Tray Icon

☑ Use Single-click on the tray icon
☐ Show System Tray Icon in minimized state only
☑ Minimize when in Foreground, activate when in Background

Quick Minimize

☐ Disable Quick Minimize
☑ Hold <Shift> instead of <Ctrl> minimizing a window to the tray

Extras

☐ Enable Window Attributes menu

OK   Cancel
